Jogging Starter Guide

Provided by Ecopulse Joggers Club

What's Inside:

- Preparing to Jog
- Warm-up Routine
- Jogging Techniques
- Hydration & Safety
- Post-Jog Stretches
- Weekly Beginner Plan

Preparing to Jog

Before you start, make sure you're ready:

- **Shoes:** Wear proper running shoes with arch support.
- **Clothing:** Lightweight, breathable clothes (moisture-wicking if possible).
- **Time:** Best times are early morning or evening when it's cooler.
- **Route:** Choose a safe, flat path in a park or neighborhood.
- **Mindset:** Start slow. Jogging is about rhythm, not speed.

5-Minute Warm-Up

Warm up to prepare your body and prevent injury:

1. **Neck rolls** – 30 sec each side
2. **Arm circles** – 30 sec forward & back
3. **Hip circles** – 30 sec
4. **Leg swings** – 10 reps each leg
5. **March or brisk walk** – 2 minutes

Proper Jogging Technique

- **Posture:** Keep your back straight, shoulders relaxed.

- **Arms:** Swing arms naturally, elbows at 90°, hands relaxed.
- **Feet:** Land gently on midfoot, not heels.
- **Breathing:** Inhale through the nose, exhale through the mouth. Try: 3 steps in, 2 steps out.

Hydration & Safety

- Drink water **15–30 minutes before** jogging.
- Bring a small water bottle if running longer than 20 minutes.
- Avoid jogging in **extreme heat or poor air quality**.
- Jog with a friend or let someone know your route.

Post-Jog Stretches (Hold 15–30 seconds each)

1. **Hamstring stretch**
2. **Calf stretch**
3. **Quadriceps stretch**
4. **Hip flexor stretch**
5. **Shoulder rolls + deep breaths**

Weekly Beginner Plan

Day	**Activity**
Monday	10 min walk + 5 min jog
Tuesday	Rest / light stretch
Wednesday	10 min jog
Thursday	Rest / yoga
Friday	15 min jog
Saturday	Group jog
Sunday	Nature walk + stretch

Bonus Tip:

While jogging, look around and name 3 plants, birds, or trees. Mindful jogging helps improve your mental focus and environmental awareness!
